DISCUSS AGRICULTURAL BILL.

Senators Arque an Amendment Elimi-

nating House Provision. Washington, Feb. 25 .- The senate spent the greater part of the day discussing an amendment to the agricultural appropriation bill striking out the house provision giving authority to the secretary of agriculture to in spect imported food products when misbranded or suspected of impurity, The amendment was suggested by Mr. Aldrich, who said the provision opened the way for an encroachment by the secretary of agriculture on the duties of the secretary of the treasury and was calculated to cause a duplication

of 1900 bearing on the same point. Messrs, Lodge, Beveridge, Patterson and others supported Mr. Aldrich. Mr. Proctor, in charge of the bill, and others defended the provision and the discussion was closed by Mr. Proctor substituting the provision of the act of 19900 mearing on the same point.

Consideration of the bill practically was concluded but final action on it was postponed for a day in order to allow an inspection of it as amended.

GREAT LAKES STATION.

Stricken Out of Naval Appropriation Bill on a Point of Order.

Washington, Feb. 25.-Two storm centers were encountered in consideration of the naval appropriation bill in the house Wednesday. First, the Great Lakes training station went out of the bill on a point of order after a wordy battle. The building programme proposed in the bill them met criticism and blocked further progress of the Ohio moved to strike out the provied. This motion is now pending. It served as a text for several Republican speeches in which Mr. Burton was declared not to be in line with his

In the event of the defeat of this interpreted as an indication of the eventually to the commerce of the motion and the acceptance of the whole building programme, a movement is to be made today by Representative Myer of Louisiana to have the bill recommitted to the naval committee with the instruction to make important changes under the head of "ipcrease of the navy."

FIVE APPOINTEES ACCEPT.

New Isthmian Canai Commission Will Soon Be Completed.

Washington, Feb. 25.—President Roosevelt has received definite acceptances from five of his appointees on the new Isthmian canal commis-

sion, namely Rear Admiral James G. Walker, General George W. Davis, Colonel Frank Hecker of Detroit, William Barclay Parsons, engineer, and William Burr, professor of engineering. It is quite likely, although it has not been determined absolutely yet, that the other two members of the commission will be Engineers Benjamia M. RUSSIANS GREATLY EXCITED. Report of Alleged Great Victory Causes Rejoicing.

St. Petersburg, Feb. 25.-Reports of a Russian victory at Port Arthur were Petersburg that the Russian governcurrent late yesterday afternoon and ment has expressed its warmest early in the evening and about mid- thanks to Great Britain for the help night they seemed to have been defi- given the crews of the cruiser Variag nitely confirmed, but, in the absence of any official announcement, which is the British cruiser Talbot at Chemomentarily expected, the stories of mulpo. the dimensious of this victory were most conflicting and confusing in character The most circumstantial report was that the Japanese had attempted to bottle up Admiral Stark's fleet in Port Arthur by sinking two stone-laden vessels at the entrance of the harbor, employing the tactics which were considered, but not executed, by the late Admiral Sampson, U. S. N., with the Merrimac, at Santiago, during the Spanish-American war. According to this report two Japanese ships appeared off the harbor with a Japanese fleet behind and ostensibly in pursuit. The Russians, however, suspected a ruse and their ships steamed out, sank the stone-laden ships, engaged and defeated the enemy and drove them off. The reports of the loss inflicted, however, are conflicting. All the stories included the feature of the vessels loaded with stones, but according to some versions the Japanese fleet was convoying transports with the purpose of effecting a landing at Pigeon Bay and after the first of the preliminary maneuvers, the Russians played havoc with the Japanese warships and transports, sinking four of the former and them before this design could be cartwo of the latter.

One account even gives the name of the battleship Retvizan as the vessel which especially distinguished her- and horses are being sent to Mukden self during the action by ramming and sinking one of the Japanese bat

Rumors of this victory were spread far and wide over the city during the early part of the evening, and the crowds which had gathered on the streets in spite of the severe cold to discuss the news were greatly excited.

Czar Would Offer Peace.

The news of victory was accompanied by two stories, one that after the first decisive Russian victory the emperor would offer peace and the other that Japan had deposed the emporer of Korea and formally annexed that country. Both these reports are without confirmation and they are given which floated about in the excited and storm sash.

Instead of diminishing, the crowds around admiralty and newspaper and telegraph agency offices kept increasing and the excitement attained the fever heat point, when it was known definitely that the emperor had received a telegram giving more details and showing the Russian victory was even greater than at first reported. When the sheets were finally distributed at 2:30 o'clock this morning a rush was made for the exits and the assembled officers cheered wildly and

repeatedly. It must be observed that in his dispatch Viceroy Alexieff does not mention the number of steamers which the Japanese tried to sink or drive upon the Russian ships, and it is not yet known whether the four vessels the captain of the Retvizan observed going down, in addition to the two destroyed were also laden with inflammables or whether they were warships.

The greatest praise is given to the commander of the Retvizan and the splendid action of this American-built vessel places her name foremost on the roll of the Russian navy.

Prouty, his opponent for the congressional nomination, and the county central committee, from naming the judges of election in the prisimply as examples of the stories ries a full line of sash, doors, windows under the present lowa laws had no 133tf jurisdiction over primaries.

DISCUSS AGRICULTURAL BILL.

Senators Argue an Amendment Eliminating House Provision.

Washington, Feb. 25 .- The senate spent the greater part of the day discussing an amendment to the agricultural appropriation bill striking out the house provision giving authority to the secretary of agriculture to inspect imported food products when misbranded or suspected of impurity, The amendment was suggested by Mr. Aldrich, who said the provision opened the way for an encroachment by the secretary of agriculture on the duties of the secretary of the treasury and was calculated to cause a duplication of 1900 bearing on the same point.

Messrs, Lodge, Beveridge, Patterson and others supported Mr. Aldrich. Mr. Proctor, in charge of the bill, and others defended the provision and the discussion was closed by Mr. Proctor substituting the provision of the act of 19900 mearing on the same point.

Consideration of the bill practically was concluded but final action on it was postponed for a day in order to allow an inspection of it as amended.

GREAT LAKES STATION.

Stricken Out of Naval Appropriation Bill on a Point of Order.

Washington, Feb. 25 .- Two storm centers were encountered in consideration of the naval appropriation bill in the house Wednesday. First, the Great Lakes training station went out of the bill on a point of order after a wordy battle. The building programme proposed in the bill them met criticism and blocked further progress of the measure for the day. Mr. Burton of Ohio moved to strike out the provision for the single battleship authorized. This motion is now pending. It served as a text for several Republican speeches in which Mr. Burton was declared not to be in line with his

In the event of the defeat of this motion and the acceptance of the whole building programme, a movement is to be made today by Representative Myer of Louisiana to have the bill recommitted to the naval committee with the instruction to make important changes under the head of "increase of the navy."

FIVE APPOINTEES ACCEPT.

New Isthmian Canal Commission Will Soon Be Completed.

Washington, Feb. 25 .- President Roosevelt has received definite acceptances from five of his appointees on the new Isthmian canal commission, namely

Rear Admiral James G. Walker, General George W. Davis, Colonel Frank Hecker of Detroit, William Barclay Parsons, engineer, and William Burr, professor of engineering. It is quite likely, although it has not been determined absolutely yet, that the other two members of the commission will be Engineers Benjamin M. Harrod of New Orleans, and Ewald Grunsdy of San Francisco, a distinguished hydraulic engineer. It is believed Mr. Grunsdy will accept.

Alfred Noble, engineer of the Pennsylvania railroad, has declined to accept one of the appointments.

The president expects to complete the personnel of the commission very soon and will send the appointments immediately to the senate for confirmation. It is desirable that there should be no delay in the practical work of digging the canal by the United States.

CLERK GETS HIS DISCHARGE. Refused to Spell "Routeing" the Way His Officer Ordered.

Chicago, Feb. 25.-W. E. Baker, the clerk in the office of the quartermaster at Fort Sheridan who refused to spell "routing" with an "e," although ordered to do so by the superior Lieutenant Colonel Miller, has received his discharge from the secretary of war, to whom the question of spelling had been referred. Baker says that he will appeal to President Roose-

The word was used in an order relating to the transportation of troops, and Baker was ordered by Colonel Miller to spell it "routeing." He said that he could not conscientiously spell it with an "e.

General Fred D. Grant approves the dismissal of Baker, saying that he was given a legitimate order and was guilty of insubordination when he refused to carry it out.

PREDICT DISAGREEMENT.

Relatives of Juror in Car Barn Bandit Case Do Some Talking.

Chicago, Feb. 25 .- Judge Kersten has learned that the mother and sister of one of the jurors in the trial of the car barn bandits had become apparently infatuated with Gustav Marx, one of the defendants, and were sending to Marx's cell in the county jail daily gifts of flowers and fruit. He was further informed that while passing out of the courtroom with members of Marx family the two women stated that there would be a disagree-

ment in the case. Judge Kersten called to the bench balliffs who have charge of the jury and instructed them to permit no intercourse between the juror and his

# Special BOMBARDMENT NOW GOING ON

Enemy Attacked Port Arthur Again This Morning and were Repulsed

Foreign Office has Received Information Japanese Torpedo Boats were not Injured.

SPECIAL TO THE DAILY DISPATCH:

St. Petersburg, Feb. 24—Rumors are in circulation here this afternoon to the effect that a bombardment of Port Arthur is now going on. Gen. Pflug telegraped as follows: Enemy again attacked Port Arthur from 1 to 3 o'clock this morning and were repulsed. Details follow.

## Were Not Injured

SPECIAL TO THE DAILY DISPATCH:

London, Feb. 25—The British foreign office has received an official dispatch saying that not one of the Japanese torpedo boats was injured in the attack February 24.

## FIGHTING RENEWED OFF PORT ARTHUR

JAPANESE FLEET AND RUSSIAN CRUISERS START SHOOTING AT LONG RANGE.

JAPS TRY HOBSON'S TRICK thur in two lines."

ATTEMPT TO BOTTLE UP SQUAD-RON BY SINKING SHIPS IN HARBOR ENTRANCE.

RUSSIANS SINK THE VESSELS

ALSO CLAIM THAT THEY HAVE INFLICTED SEVERE DEFEAT UPON THE JAPS.

St. Petersburg, Feb. 25 .- The Port Arthur correspondent of the Novosti telegraphs that at Port Arthur the Japanese lost steamers, number not stated, and one torpedo boat.

"At the moment of writing," the correspondent continued, "twentythree Japanese vessels are visible on Russians Reinforcing the Garrison at the horizon and cross firing has begun in which the Russian cruisers Bayan, Novik and Askold are participating."

> St. Petersburg, Feb. 25.—A telegram from Viceroy Alexieff to the czar says: "At a quarter before three in the morning of Feb. 24 numerous Japanese torpedo boats attempted to attack the battleship Retvizan and sink large

steamers loaded with inflammables The Retvizan was the first to observe the torpedo boats, and opened a strong fire on them. She was supported by the land batteries. She destroyed two steamers near the entrance of the harbor; they were coming directly toward her. One of them went on the rocks near the lighthouse on Tiger peninsula and the other sank under Golden Hill. The Retvizan observed four steamers in a tion of the crews of the Japanese ves-role was drowned. The grounded Further details of this engage is observed in the offing of Port Ar-

'The Japanese crews saved themsome of them were picked up by the lowance. enemy's torpedo boats.

"I am proceeding to examine the coasts. The entrance of the harbor rangement of the enemy's plan to the brilliant action and destructive fire of still visible in the roadstead. I have recalled the three cruisers sent in pursuit of the enemy in order, in the first place, to clear the roadstead of floating mines. We had no losses."

### Report of Alleged Great Victory Causes Rejoicing.

St. Petersburg, Feb. 25.—Reports of a Russian victory at Port Arthur were Petersburg that the Russian govern- FROM COMMANDER MARSHALL. current late yesterday afternoon and ment has expressed its, warmest early in the evening and about mid- thanks to Great Britain for the help night they seemed to have been defi- given the crews of the cruiser Variag nitely confirmed, but, in the absence and the torpedoed gunboat Korietz by of any official announcement, which is the British cruiser Talbot at Chemomentarily expected, the stories of mulpo. the dimensious of this victory were most conflicting and confusing in char- spondent of the Daily Mail says 5,000 acter The most circumstantial re- Russian troops have moved from Mukport was that the Japanese had at- den to Hsinminting, and that skirmtempted to bottle up Admiral Stark's ishes are reported between Chinese fleet in Port Arthur by sinking two regulars and Russians near Shanhaistone-laden vessels at the entrance of kwan. the harbor, employing the tactics which were considered, but not ex-correspondent adds, that Paul Lessar, ecuted, by the late Admiral Sampson, Russian minister, has officially writ-U. N., with the Merrimac, at Santia- ten assurances that the Russian gungo, during the Spanish-American war, boat Mandjur would not leave Shang-According to this report two Japanese ships appeared off the harbor with a but Japan insists that this vessel be Japanese fleet behind and ostensibly in pursuit. The Russians, however, suspected a ruse and their ships steamed out, sank the stone-laden ships, engaged and defeated the enemy and drove them off. The reports of the loss inflicted, however, are conflicting. All the stories included the feature of the vessels loaded with stones, but according to some versions the Japanese fleet was convoying transports with the purpose of effecting a landing at Pigeon Bay and after the first of the preliminary maneuvers, the Russians played havoc with the Japanese warships and transports, sinking four of the former and two of the latter.

One account even gives the name self during the action by ramming and sinking one of the Japanese bat

Rumors of this victory were spread far and wide over the city during the early part of the evening, and the crowds which had gathered on the streets in spite of the severe cold to discuss the news were greatly excited.

Czar Would Offer Peace.

The news of victory was accompanied by two stories, one that after the first decisive Russian victory the em- France will be drawn into the far

Instead of diminishing, the crowds

around admiralty and newspaper and telegraph agency offices kept increasing and the excitement attained the fever heat point, when it was known definitely that the emperor had received a telegram giving more details and showing the Russian victory was

even greater than at first reported. When the sheets were finally distributed at 2:30 o'clock this morning a rush was made for the exits and the assembled officers cheered wildly and repeatedly.

It must be observed that in his dis patch Viceroy Alexieff does not mention the number of steamers which the Japanese tried to sink or drive upon the Russian ships, and it is not yet known whether the four vessels the captain of the Retvizan observed going down, in addition to the two destroyed, were also laden with inflammables of whether they were warships.

The greatest praise is given to the commander of the Retvizan and the splendid action of this American-built vessel places her name foremost on the roll of the Russian navy.

MAY BE BOTTLED UP.

Britons Think the Japs Probably Carried Out Their Plan.

Japanese admiral's satisfaction with world. the design.

It is pointed out here that it would be difficult for the Russians, in the darkness of the night, to ascertain just what had happened to Japanese yessels or to distinguish between hulks it was their intention to sink, and torpedo boats. As two injured vesfrom Port Arthur and as the Japanese fleet was going at full speed off Weihaiwei, it is presumed that the two injured vessels might have gone elsewhere to repair.

Another explanation of the incomsinking condition and eight torpedo pleteness of Admiral Togo's squadron ritory boats departing slowly to rejoin the as seen off Weihaiwei is that he probwaiting Japanese warships. A por- ably left some vessels to watch off ests are declared to be identical; but,

#### A COLLEGE FOR DRESSMAKING

And Ladies Tailoring For the City of Brainerd.

Ladies, a college of dressmaking and ladies' tailoring is now being organized in your city. The object of this college will be to teach the art of dress cutting and making. These colleges are conducted upon a strictly business plan. It goes without saying that every young woman sadly feels the need of a means of cutting and a knowledge of making when she is brought face to face with the difficulties that confront her in the simplest work along this line. This be ing admitted, the question would naturally arise in the mind, how and where are we to get this knowledge? This can be answered by saying that in large cities there are colleges and institutions of learning this in line where young ladies can attend, but the expense is so great that but few can avail themselves of the much needed knowledge. Now even in your progressive little city you Which lends charm to the plainest face have your home dress makers where a few go to acquire this knowledge. But

The projectors of this enterprise, realizing the great importance of such a practical education, have decided to establish, with your hearty co-operaducted in the larger cities. In this day it is considered that the art of dressmaking ranks as one of the highest accomplishments, and decidedly one of the most useful, and is now by some of the utes by the Chiropractic method as most renowned educators considered as practiced by E. W. Lynch. Office in a necessary adjunct to a young lady's

Now, ladies, the representative of this new enterprise will call on you at your All the healing balsamic virtues of the homes, and will take pleasure in mak-Norway pine are concentrated in Dr. ing you acquainted with the plan of work as it will be taught in this newcollege. They will also be pleased to draft patterns of different kinds to show you the simplicity of the work, and how easily and successfully it may be done Atlanta, Ga., Feb. 25 .- E. G. Cooley in your own homes. Private instructions will be given till the college is formally opened. Those wishing to begin in session here. Milwaukee was at once can make it known by addressing yours respectfully,

#### A COLLEGE FOR DRESSMAKING

#### And Ladies Tailoring For the City of Brainerd.

Ladies, a college of dressmaking and ladies' tailoring is now being organized in your city. The object of this college will be to teach the art of dress cutting woman sadly feels the need of a means of cutting and a knowledge of making when she is brought face to face with the difficulties that confront her in the simplest work along this line. This be turally arise in the mind, how and where are we to get this knowledge? This can be answered by saying that in large cities there are colleges and institutions of learning this in line where young ladies can attend, but the expense is so great that but few can avail themselves of the much needed knowledge. Now even in your progressive little city you Which lends charm to the plainest face have your home dress makers where a

The projectors of this enterprise, realizing the great importance of such a practical education, have decided to establish, with your hearty co-operation, a college here similar to those conducted in the larger cities. In this day it is considered that the art of dressmaking ranks as one of the highest accomplishments, and decidedly one of the most useful, and is now by some of the most renowned educators considered as a necessary adjunct to a young lady's

Now, ladies, the representative of this new enterprise will call on you at your homes, and will take pleasure in making you acquainted with the plan of work as it will be taught in this newcollege. They will also be pleased to draft patterns of different kinds to show you the simplicity of the work, and how, easily and successfully it may be done in your own homes. Private instructions will be given till the college is formally opened. Those wishing to begin in session here. Milwaukee was at once can make it known by address-chosen as the next meeting place. ing yours respectfully. ing yours respectfully,

## INTEREST IN THEIR ELECTION

Election Called for Tuesday Evening to Elect Lieutenants in Company F.

SEVERAL CANDIDATES IN FIELD

#### And the Contests for the Coveted Positions is Said to be Warm at Present.

be an election at the meeting of Company F, it having been ordered that a first and second lieutenant be elected at that time to fill vacancies.

From present indicatious the election Tuesday night will be anything but a tame affair, for there are several candidates being groomed for the coveted bility," writes F. J. Green, of Lancaspositions and each one is working on the sidelines with considerable energy.

Both positions have been vacant for some time. Walter Delemere was elected first lieutenant some time ago but he had to resign because he left the city. The office of second lieutenant has been vacant almost since the reorganization of the company when Capt. Heffner took charge.

The names of Ole Peterson and C. A. Allbright have been brought forward as candidates for the first lieutenancy and both men have a large number of friends in the ranks and the outcome will be watched with interest. Both gentlemen have been affiliated with the militia for years and are competent men.

The names of George W. Burke and Harold Smith have been brought forward for the second lieutenancy and this position will also be striven for with considerable spirit. The former is instructor of the commercial course at the high school and has taught military tactics in some of the best schools of the country and in his candidacy for the position he presents a rather strong front. Mr. Smith has been connected with militia matters in this city for years and is well posted, is a good soldier and should be able to fill the position with dignity.

In the interim other candidates are expected to loom up and the event will be an interesting one.

#### WELL PLEASED AUDIENCE

#### Heard Mr. M. B. Griffith, in a Song Recital at the First Congregational Church Last Night.

The lovers of good music of our city have been looking forward eagerly to the song recital by Mr. Milton B. Griffith, of Duluth, since its recent announcement through the Ladies' Musical club. It is safe to say that in this instance realization surpassed anticipa-

Mr. Milton Griffith possesses a voice of wide range and sweetness combined with very clear enunciation. There was no straining after effects and no attempt at vocal display, but with dignified reserve of manner the singer reproduced with accurate fidelity the varied thoughts of the varied composers, letting the music produce its own effect.

The program numbers were well chosen, every number having intrinsic musical value. It is such programs which cultivate in any community a taste for good music.

The Song Cycle, "An April Heart," including six numbers-composer, H. Clough Leighter-was given with a pleasing rythm and spirit which showed Mr. Griffith's flexible tenor and artistic skill and withal his simplicity and earnestness of manner. Bemberg's "'Tis Snowing" was given with keen perception of the peculiar sentiment and the color required.

A remarkable song is Liszt's "Du Bist Wie Eine Blume" and of it one could never tire. Mr. Griffith gave this a most artistic rendering, the scope of his lovely voice being shown at its best. His hearers insisted upon its being given again. Mr. Griffith was generous, repeating this and several other favorites besides adding new ones; especially pleasing was all of them old-timers from the Still- team and his loss will be felt keenly, as D. W. Riesland, of Duluth, will be in the dainty setting of "A Night Has a water country, who have been in the he was admittedly one of the best ends, the city next Sunday afternoon and may in your stomach after eating, feel lazy, Thousand Eyes.'

In his program of some twenty songs was much to praise very highly indeed, the landing every day. Each load is his family is living at Aitkin. He is a to 5 o'clock. ## INTEREST IN THEIR ELECTION

Election Called for Tuesday Evening to Elect Lieutenants in Company F.

SEVERAL CANDIDATES IN FIELD

#### And the Contests for the Coveted Positions is Said to be Warm at Present.

On Tuesday evening next there will be an election at the meeting of Company F, it having been ordered that a first and second lieutenant be elected at that time to fill vacancies.

From present indicatious the election Tuesday night will be anything but a tame affair, for there are several candidates being groomed for the coveted positions and each one is working on the sidelines with considerable energy.

Both positions have been vacant for some time. Walter Delemere was elected first lieutenant some time ago but he had to resign because he left the city. The office of second lieutenant has been vacant almost since the reorganization of the company when Capt. Heffner took charge.

The names of Ole Peterson and C. A. Allbright have been brought forward as candidates for the first lieutenancy and both men have a large number of friends in the ranks and the outcome will be watched with interest. Both gentlemen have been affiliated with the militia for years and are competent men.

The names of George W. Burke and Harold Smith have been brought forward for the second lieutenancy and this position will also be striven for with considerable spirit. The former is instructor of the commercial course at the high school and has taught military tactics in some of the best schools of the country and in his candidacy for the position he presents a rather strong front. Mr. Smith has been connected with militia matters in this city for years and is well posted, is a good soldier and should be able to fill the position with dignity.

In the interim other candidates are expected to loom up and the event will be an interesting one.

### WELL PLEASED AUDIENCE

#### Heard Mr. M. B. Griffith, in a Song Recital at the First Congregational Church Last Night.

The lovers of good music of our city have been looking forward eagerly to the song recital by Mr. Milton B. Griffith, of Duluth, since its recent announcement through the Ladies' Musical club. It is safe to say that in this instance realization surpassed anticipa-

Mr. Milton Griffith possesses a voice of wide range and sweetness combined with very clear enunciation. There was no straining after effects and no attempt at vocal display, but with dignified reserve of manner the singer reproduced with accurate fidelity the varied thoughts of the varied composers, letting

the music produce its own effect. The program numbers were well chosen, every number having intrinsic musical value. It is such programs which cultivate in any community a taste for

good music. The Song Cycle, "An April Heart," including six numbers composer, H. Clough Leighter-was given with a Mr. Griffith's flexible tenor and artistic skill and withat his simplicity and earn-Snowing" was given with keen perception of the peculiar sentiment and the color required.

A remarkable song is Liszt's "Du Bist Wie Eine Blume" and of it one could never tire. Mr. Griffith gave this a most artistic rendering, the scope of his lovely voice being shown at its best. His hearers insisted upon its being given again. Mr. Griffith was generous, repeating this and several other favorites besides adding new ones; especially pleasing was the dainty setting of "A Night Has a Thousand Eyes."

In his program of some twenty songs was much to praise very highly indeed, and it is sincerely hoped that we may hear Mr. Griffith again in the not distant future.

Mr. Griffith was accompanied by Mrs. W. A. M. Johnstone during the Leighter "Song Cycle" and by Mrs. J. C. Atherton during the first and last groups of songs.

Miss Bowe gave as a piano number a very pleasing interpretation of Bendel's "Silver Spring." This with Keler Bela's "Tuska Sia" for violin and piano given by Mr. Lensrud and Miss Mysen filled ort a most enjoyable and artistic even-

#### F. X. ADDLEMAN RESIGNS

As Local Manager for Edwards, Wood & Co. to Go to Duluth to Take Posi-

tion With B. Baker.

F. X. Addleman, local manager for Edwards, Wood & Co., the commission firm, has resigned his position and will leave the last of this or the first of next week for Duluth where he has accepted a more lucrative position with B. Baker, SHERIFF ON HIS TRAIL AGAIN the grain commission man.

Mr. Addleman has been a resident of Brainerd nearly a year now, and during that time has formed the acquaintance of the city's very best people, both in business and socially and he has scores of friends who will regret to learn that he is to leave. He has been an ever courteous gentleman in his commercial transactions and has the confidence and respect of the best business men of the

### A Novel Road

Parties who have returned from a trip to the J. A. Irvine logging camps at Ed Rogers, the Famous Captain of the U Pine Island, in Beltrami county, tell of the most wonderful winter road that has ever been built in the logging woods of pleasing rythm and spirit which showed | northern Minnesota. It extends a distance of 14 miles in a straight line, is 50 feet wide and is so level that it is estness of manner. Bemberg's "'Tis possible to see a load of logs for a distance of eight miles. Its construction involved the outlay of a vast amount of money, but it has more than paid for itself in added convenience. On either side of the road it has been staked, and millions of evergreens have been set up and wedged together to keep the snow out. It is always in excellent condition and is more like a boulevard than a winter logging road. Over 200 men are employed in the Irvine camp, nearly all of them old-timers from the Stillwater country, who have been in the employ of the Irvine company for years. Seven loads are hauled over the road to the landing every day. Each load is drawn by eight horses, and two trailers are attached. The first sleigh carries an average of 14,000 to 17,000 feet, the sleigh following carries about 11,000 and the last one about 5,000 feet.

> We have thousands of testimonials which prove that appendicitis can be prevented by the use of Hollister's Rocky Mountain Tea, without the knife. 35 cents. Tea or tablet form. H. P.

### WILL COACH CARLISLE

Eleven Will Coach Cartisle Indian Team Next Year

Edward Rogers, captain and left end of the university football team last year, will coach the Carlisle Indians. Rogers has announced his determination of accepting a flattering offer from the athletic management of that school.

About two weeks ago Rogers received a telegram from Carlisle, asking him to come and take care of the football squad. Since then he has been in correspondence with the authorities and they have agreed to pay him the salary he desired. Although this is his senior year, it was hoped that he would take a post graduate course and play on this season's team and his loss will be felt keenly, as he was admittedly one of the best ends of the season.

lisle for his preparatory education. He was captain of the Carlisle team in 1900 and in 1901 came to Minnesota and entered the law school. Friends of Rogers and of the university feel that it is an honor to have an ex-Gopher player coaching so prominent a football aggregation and much credit is due Dr. Williams from whom Rogers learned so much about the game in common with other members of the squad.

The DISPATCH will be delivered at 133tf your door for 40 cents per month.

### RAILROAD GOSSIP

R. W. McKay, brother of W. D. and E. A. McKay of this city, who has been storekeeper for the N. P. at Missoula has been transferred to Livingston in the same capacity. The Livingston job is considered a promotion as it is a much more important point.

The following is taken from a southern exchange regarding W. H. Fox, sonin-law of Mrs. E. French, and well known here:

"Mr. W. H. Fox, superintendent of the Tennessee Central railroad, suffered the loss of his left hand Saturday afternoon as the result of an accident in the yards of the company. The railroad company recently secured the contract to handle an enormous shipment of soda giving the first consignment of twenty cars his personal attention. In the yards of the company in South Nash-"C. F. Merry, who was held to the ville the train gave a sudden and unexpected stop, and Mr. Fox, who was standing on top of a car with Conductor S. B. Rose, was thrown violently forward. Before he could recover his footing he fell from the car to the ground. is a very heavy man, and the fracture was found on examination to be so serious that amputation was necessary, Dr. R. E. Fort, the company surgeon performing the operation. Today at noon Mr. Fox was doing as well as could be

THREE MEN PERISH AND MANY OTHERS SUSTAIN INJURIES

AT WAUKEGAN, ILL.

STARCH MILL IS WRECKED

PROPERTY LOSS WILL AMOUNT TO ABOUT A QUARTER OF A MILLION DOLLARS.

Chicago, Feb 25.-Three men were killed and eighteen injured last night in an explosion that wrecked the starch mill of the Warner Sugar Refining company at Waukegan, Ill. It is possible mat the number of dead will exceed three, but it will be at least a fortnight before the wreckage of the mill can be cleaned up in such a manner that it can be positively known that no more bodies are in the debris. The reports of the dead run all the way from three to twenty-five. The evidence, however, is in favor of the lower number.

The dead are John Cusick, Jacob Spreece and an unidentified man.

The plant of the Warner Sugar Refining company is extensive and is valued at \$2,500,000. The total number of men employed is 600, and the bushels of starch daily. The starch mill was entirely destroyed by the uilding four stories high, 200 feet ong by 100 feet wide. The structure with the machinery it contained, was FOR SALE-Six-room house in East valued at \$250,000. The building and all it contined is a total loss. No definite cause is known for the explo-

William Goggins, one of the men injured, was in charge of the "powderhouse" of the starch mill, where the explosion occurred, and he declares that there was no cause for the accident as far as known. Everything was running along in proper shape, then came a terrible roar, and he found himself in the street. Other accounts are no more definite than that of Goggins.

The force of the explosion was terrific and windows in the town of Waukegan, one and one-half miles from the starch mill, were smashed into frag-

SEVERAL AMERICANS CUT.

Spanish Sailors Use Stillettos on United States Seamen. St. Thomas, D. W. I., Feb. 25 .- A

fight occurred here Tuesday afternoon the wounding of several men and an ultimate victory for the Americans. The fight originated when a seaman from the United States cruiser Columbia jostled a sailor from the Spanship, as was the American sailor, and all the men were on shore liberty. The Spanish sailor drew a stiletto and seriously wounded the American who had brushed against him. Other men from the Columbia who were on shore gathered around their companions and attacked the two Spaniards, who defended themselves with their knives and succeeded in slightly wounding several other Americans. They finally escaped, ran to the wharf and jumped

FAT ON A FOWL

It Is Not So Good a Thing as Some Housekeepers Think.

"When I see men or women looking for nothing but fat on a fowl," said a marketman, "I don't envy them their dinner. There is a layer of fat underbetween sailors from a Spanish and an | neath the skin when poultry is unduly American warship which resulted in fattened, and in the cooking this overheated fat saturates the meat, and delicate stomachs have a hard tussle. This is why lots of people can't eat ducks and geose at all. These overfattened ing company from paying out divifowls are in reality more expensive dends to the Amalgamated Copper passed him in the street. The Span- and less easily digested, there being company on the stock owned in these lard was with a companion from his | much less lean meat in proportion to | companies by the last named corporathe fat. Most of my customers are now | tion. willing to pay what a good turkey is worth, understanding the difference. What is the difference? Why, there are a few rules that must be observed. For at least six days before killing barnyard fowls must be cooped, not huddled, have a good, clean space and be well fed on corn for at least five days. Then for twenty-four hours before killing they should be fed on skimmed milk or soft boiled rice. The night before the killing the turkey must have plenty of water, but no food, which leaves the crop empty, the intestines clean, the dark meat quite light, and gives a flavor as different as possible from the offensive flavor that is likely to impregnate the common fowl killed in the common way. The flesh of all animals is flavored by their food. This accounts for the delicious flavor of the canvasback and redhead ducks. Both eat of the wild celery at the water's edge, the former taking the Chicago. Feb. 25,-Frank Lewan- roots, the latter the tops."-Philadel-

Talismans In War.

It was not at all unusual for soldiers and others who were exposed to danger to wear talismans by way of protection. A story which gained credence is told of a sold r in the time of the Prince of Orange. He was a Spanish prisoner, and on being condemned to be shot it was found that he was invulnerable. The soldiers stripped him to see what kind of armor he wore, but it was discovered that he was not protected in that way, but an amulet on which was the figure of a lamb was found on his person. This was taken away from him, and the shots took ef-

BOTH HIT BY SAME BULLET.

Man and Woman Wounded in Fight not eat any of the bread. in Santo Domingo.

Washington, Feb. 25 .- By order of Secretary Moody the report of C. tain Richard Wainwright, commanding the Newark, regarding his recent reconneisance about Santo Domingo, was made public at the navy department.

Captain Wainwright found on his arrival at Sanchez that the daughter and brother-in-law of the American consular agent had been wounded by the same bullet in the fighting there. The captain details the landing of marines, shelling of insurgents, etc., already described in press dispatches.

Must Let Politics Alone.

Washington, Feb. 25 .- Replying to a query regarding the status of government employes in political matters, Postmaster General Payne in a letter says it is not deemed proper for a government employe within the n currency and made their escape, classified service to take an active part eaving no clue. in political matters.

STARCH MILL IS WRECKED

PROPERTY LOSS WILL AMOUNT TO ABOUT A QUARTER OF A

THREE MEN PERISH AND MANY

OTHERS SUSTAIN INJURIES

AT WAUKEGAN, ILL.

MILLION DOLLARS.

Chicago, Feb. 25 .- Three men were killed and eighteen injured last night in an explosion that wrecked the starch mill of the Warner Sugar Refining company at Waukegan, Ill. It is possible wat the number of dead will exceed three, but it will be at least a fortnight before the wreckage of the mill can be cleaned up in such a manner that it can be positively known that no more bodies are in the debris. The reports of the dead run all the way from three to twenty-five. The evidence, however, is in favor of

the lower number. The dead are John Cusick, Jacob Spreece and an unidentified man. The plant of the Warner Sugar Refining company is extensive and is valued at \$2,500,000. The total number of men employed is 600, and the capacity of the starch mill is 18,000 bushels of starch daily. The starch mill was entirely destroyed by the force of the explosion. It was a brick building four stories high, 200 feet long by 100 feet wide. The structure with the machinery it contained, was valued at \$250,000. The building and all it contined is a total loss. No definite cause is known for the explo-

William Goggins, one of the men injured, was in charge of the "powderhouse" of the starch mill, where the explosion occurred, and he declares that there was no cause for the accident as far as known. Everything was running along in proper shape, then came a terrible roar, and he found himself in the street. Other accounts are no more definite than that of Goggins.

The force of the explosion was terrific and windows in the town of Waukegan, one and one-half miles from the starch mill, were smashed into frag-

RESERVES HIS DECISION.

Justice Gildersleeve Hears Arguments Upon McGinnis Case.

New York, Feb. 25 .- Justice Gildersleeve, in the supreme court Wednesday, heard argument upon and reserved decision in the application by John McGinnis for a continuance of a Prisoners' Aid society, is dead at Baltemporary injunction restraining the timore, aged ninety. Boston and Montana Consolidated Copper and Silver Mining company, the Parrot Silver and Copper company, and the Anaconda Copper Min-

McGinnis is the vice president of the Montana Ore Purchasing company and claims that by the arrangements by which the Amalgamated Copper became the parent company of the now subsidiary companies, he and other minority stockholders have been seriously injured.

The Amalgamated Copper company has declared a dividend of 2 per cent payable on Monday next but cannot pay unless it receives the dividends from the subsidiary companies and for this reason counsel for the Amalgamated asked that the injunction be immediately dissolved.

GERMAN BARON KILLED.

Body Found Near That of a Dead Bear.

Port Angeles, Wash., Feb. 25.-The body of Baron Martin von Schlosser, formerly an officer in the German army and for many years a resident of the United States, has been found on the rink, south of the hot springs, near the body of a dead bear. The baron had undoubtedly been killed by the bear while hunting. The baron started on a hunt Monday morning. On his body were found receipts from banks in Portland, Ore., Chicago and New York for over \$100,000.

A letter found on the body directed that Superior Judge George C. Hatch of this district should administer his affairs.

ATE POISONED BREAD.

Five Members of a Family Dead at Cayuga, I. T. Cayuga, I. T., Feb. 25 .- Five mem-

bers of the family of P. S. Crawford are dead as the result of eating bread in which arsenic poison had been mixed by mistake for baking powder. Crawford bought the arsenic to be used in medicine for hogs and placed it in an empty baking powder can. His wife thought it was baking powder and used it in making bread. Bert Crawford, a son, is the only surviving member of the family. He did

FIRE CAUSED A PANIC.

Several Women Prostrated From Fright or Smoke at St. Paul.

St. Paul. Feb. 25 .- Fire which broke out in the Kendrick block, on East after 10 o'clock last night, caused a panic among women on the upper floors, who, finding the hallways filled with smoke, rushed to the windows and shrieked for help. Firemen and solicemen rescued all of the inmates without serious injury to anyone. Several women were prostrated from smoke or fright, but all will recover. The loss from the fire is about \$20,000.

SEVERAL AMERICANS CUT. Spanish Sailors Use Stillettos on United States Seamen.

between sailors from a Spanish and an | neath the skin when poultry is unduly American warship which resulted in fattened, and in the cooking this overthe wounding of several men and an heated fat saturates the meat, and deliultimate victory for the Americans. cate stomachs have a hard tussle. This The fight originated when a seaman from the United States cruiser Columbia jostled a sailor from the Spanpassed him in the street. The Spanlard was with a companion from his ship, as was the American sailor, and all the men were on shore liberty. The Spanish sailor drew a stiletto and seriously wounded the American who had brushed against him. Other men from the Columbia who were on shore gathered around their companions and attacked the two Spaniards, who defended themselves with their knives and succeeded in slightly wounding several other Americans. They finally escaped, ran to the wharf and jumped into the water. They were picked up by a harbor boat and taken on board their warship. The wounded American sailor is in a hospital here in a eritical condition.

To Harness St. Louis River.

to operate practically every industry in Duluth is to be developed through the harnessing of the head waters of the St. Louis river, now under consideration by the Minnesota Canal and Power company.

Chicago, Feb. 25,-Frank Lewandowski cut his wife's throat and then | phia Record. attempted to kill himself in the same manner last night. Jealousy of a son of Mrs. Lewandowski by a former marriage is said to have been the cause of the crime,

FAT ON A FOWL.

It Is Not So Good a Thing as Some Housekeepers Think.

"When I see men or women looking for nothing but fat on a fowl," said a St. Thomas, D. W. I., Feb. 25 .- A | marketman, "I don't envy them their fight occurred here Tuesday afternoon dinner. There is a layer of fat underis why lots of people can't eat ducks and geese at all. These overfattened ish cruiser Rio de la Plata as he fowls are in reality more expensive dends to the Amalgamated Copper and less easily digested, there being company on the stock owned in these much less lean meat in proportion to the fat. Most of my customers are now willing to pay what a good turkey is worth, understanding the difference. What is the difference? Why, there are a few rules that must be observed. For at least six days before killing barnyard fowls must be cooped, not huddled, have a good, clean space and be well fed on corn for at least five days. Then for twenty-four hours before killing they should be fed on skimmed milk or soft boiled rice. The night before the killing the turkey must have plenty of water, but no food, which leaves the crop empty, the intestines clean, the dark meat quite light, and gives a flavor as different as Duluth, Feb. 25.—Power sufficient possible from the offensive flavor that is likely to impregnate the common fowl killed in the common way. The flesh of all animals is flavored by their food. This accounts for the delicious flavor of the canvasback and redhead ducks. Both eat of the wild celery at the water's edge, the former taking the roots, the latter the tops."-Philadel- near the body of a dead bear. The

Talismans In War.

It was not at all unusual for soldiers and others who were exposed to danger to wear talismans by way of protection. A story which gained credence Prince of Orange. He was a Spanish prisoner, and on being condemned to be shot it was found that he was invulnerable. The soldiers stripped him to see what kind of armor he wore, but it was discovered that he was not protected in that way, but an amulet on which was the figure of a lamb was found on his person. This was taken away from him, and the shots took ef-

Man and Woman Wounded in Fight in Santo Domingo.

THREE MEN PERISH AND MANY OTHERS SUSTAIN INJURIES AT WAUKEGAN, ILL.

STARCH MILL IS WRECKED

PROPERTY LOSS WILL AMOUNT TO ABOUT A QUARTER OF A MILLION DOLLARS.

Chicago, Feb. 25 .- Three men were killed and eighteen injured last night in an explosion that wrecked the starch mill of the Warner Sugar Refining company at Waukegan, Ill. It is possible bat the number of dead will exceed three, but it will be at least a fortnight before the wreckage of the mill can be cleaned up in such a manner that it can be positively known that no more bodies are in the debris. The reports of the dead run all the way from three to twenty-five. The evidence, however, is in favor of the lower number.

The dead are John Cusick, Jacob Spreece and an unidentified man. The plant of the Warner Sugar Refining company is extensive and is valued at \$2,500,000. The total number of men employed is 600, and the capacity of the starch mill is 18,000 bushels of starch daily. The starch mill was entirely destroyed by the force of the explosion. It was a brick building four stories high, 200 feet long by 100 feet wide. The structure with the machinery it contained, was valued at \$250,000. The building and all it contined is a total loss. No definite cause is known for the explo-

William Goggins, one of the men injured, was in charge of the "powderhouse" of the starch mill, where the explosion occurred, and he declares that there was no cause for the accident as far as known. Everything was running along in proper shape, then came a terrible roar, and he found himself in the street. Other accounts are no more definite than that of Goggins.

The force of the explosion was terrific and windows in the town of Waukegan, one and one-half miles from the starch mill, were smashed into frag-

RESERVES HIS DECISION.

Justice Gildersleeve Hears Arguments Upon McGinnis Case.

New York, Feb. 25 .- Justice Gildersleeve, in the supreme court Wednesday, heard argument upon and reserved decision in the application by John McGinnis for a continuance of a temporary injunction restraining the timore, aged ninety. Boston and Montana Consolidated Copper and Silver Mining company, the Parrot Silver and Copper company, and the Anaconda Copper Mining company from paying out divicompanies by the last named corpora-

McGinnis is the vice president of the Montana Ore Purchasing company and claims that by the arrangements by which the Amalgamated Copper became the parent company of the now subsidiary companies, he and other minority stockholders have been seriously injured.

The Amalgamated Copper company has declared a dividend of 2 per cent payable on Monday next but cannot pay unless it receives the dividends from the subsidiary companies and for this reason counsel for the Amalgamated asked that the injunction be immediately dissolved.

GERMAN BARON KILLED.

Body Found Near That of a Dead Bear.

Port Angeles, Wash., Feb. 25.-The body of Baron Martin von Schlosser, formerly an officer in the German army and for many years a resident of the United States, has been found on the rink, south of the hot springs, baron had undoubtedly been killed by the bear while hunting. The baron started on a hunt Monday morning. On his body were found receipts from banks in Portland, Ore., Chicago and New York for over \$100,000. A letter found on the body directed

that Superior Judge George C. Hatch is told of a sold r in the time of the of this district should administer his

ATE POISONED BREAD.

Five Members of a Family Dead at Cayuga, I. T.

Cayuga, I. T., Feb. 25 .- Five members of the family of P. S. Crawford are dead as the result of eating bread in which arsenic poison had been mixed by mistake for baking powder. Crawford bought the arsenic to be used in medicine for hogs and placed it in an empty baking powder can. His wife thought it was baking powder and used it in making bread. BOTH HIT BY SAME BULLET. Bert Crawford, a son, is the only surviving member of the family. He did not eat any of the bread.
